Human-Centric Study Survey

Your responses are anonymous.

*Required

1. What user category do you belong to? *

   Mark only one oval.

   ◯ User

   ◯ System Designer

   ◯ System Developer

   ◯ Other: _____

2. Do you have any experience with modelling tools? *

   Mark only one oval.

   ◯ Yes

   ◯ No

3. If yes, what tool have you used before?

   _____

4. How would you rate your expertise with the tool mentioned above?

   Mark only one oval.

   ◯ Novice

   ◯ Intermediate

   ◯ Expert

Design an Imaginary Persona (As discussed in the Presentation)

Think of an imaginary person with specific characteristics and requirements, and fill in the following questions on the lucidchart link based on your created persona.
Age
Gender
Nationality
Physical/mental impairments
Education level
Socio-economic status
Familiarity with technology

Use Modelling Extension tool (As discussed in the presentation)

The modelling notation will be explained. Please document the same scenario again using the new modelling extension.

Kindly use the following template for modelling:
Link removed for blind review

Modelling survey

Kindly answer the following questions once you complete modelling the scenario

5. Ease of understanding the underlying concept of the extension *

Mark only one oval.

	1	2	3	4	5	
Easy to understand	◯	◯	◯	◯	◯	Difficult to understand

6. Ease of using the goal modelling extension *

Mark only one oval.

	1	2	3	4	5	
Easy to understand	◯	◯	◯	◯	◯	Difficult to understand

7. Ease of interpreting the presented diagram *

Mark only one oval.

	1	2	3	4	5	
Very easy to model situations	◯	◯	◯	◯	◯	Difficult/misleading to understand the purpose of the diagram

8. Does the notation facilitate capturing of human-centric aspects relevant to the given scenario? *

Mark only one oval.

	1	2	3	4	5	
Facilitates comprehensive capturing of human-centric aspects	◯	◯	◯	◯	◯	Does not facilitate capturing of human-centric aspects

9. Does the notation facilitate capturing of human-centric aspects in general *

Mark only one oval.

	1	2	3	4	5	
Facilitates comprehensive capture of human centric aspects	◯	◯	◯	◯	◯	Does not facilitate capturing of broad human-centric issu

10. How effective if the above notation in signifying context?

Mark only one oval.

	1	2	3	4	5	
Very effective	◯	◯	◯	◯	◯	Not effective

11. What did you like the most about the modelling extension?

_____
_____
_____
_____
_____

12. What did you like the least about the extension?

_____
_____
_____
_____
_____

13. What improvement would you suggest?

_____
_____
_____
_____
_____

14. Overall rating of the modelling extension tool *

Mark only one oval.

	1	2	3	4	5	
Least rating	⬭	⬭	⬭	⬭	⬭	Most Rating

15. Please share the reason for your overall rating. *

_____

_____

_____

_____

_____

16. Would you use this tool in future or recommend to others? *

Mark only one oval.

⬭ Yes

⬭ No

Thank you for your time!

17. Were there any issues with the study format or survey design that you think should be changed?

_____

_____

_____

_____

_____
